codeword with ECC or error correction code

Search Patents

"with" is a very common word and was not included in your search. [details]
Lowercase "or" was ignored. Try "OR" to search for either of two terms. [details]

Patents

Patents **1 - 10** on **codeword with ECC or error correction code.** (**0.06** seconds)

Sort by relevance | Sort by date (new first) | Sort by date (old first)

Disk drive with **error code** embedded sector identification

US Pat. 5640286 - Filed May 8, 1995 - Western Digital Corporation

... through the **ECC** ware **error correction code** syndromes and hardware **error** check
... the complete **codeword** is software **error correction code** syndromes when **...**

Disk drive with fast **error correction** validation

US Pat. 5691994 - Filed May 8, 1995 - Western Digital Corporation

The EDC span of the **codeword**, which does not **correction code** syndromes to the
stored **error correction** include the **ECC** check symbols, is shifted through the **...**

Error correction code processor employing adjustable **correction** power for **...**

US Pat. 6272659 - Filed May 18, 1998 - Cirrus Logic, Inc.

An **error correction code** (**ECC**) method for correcting able limit value to a minimum
value if a second predeter- errors in binary data of an **ECC codeword**, **...**

ECC system employing a data buffer for storing **codeword** data and a syndrome **...**

US Pat. 5996105 - Filed Nov 14, 1997 - Cirrus Logic, Inc.

The **error correction** processor as recited in claim 4, wherein the number of **...**
of the product **code**; (d) an **ECC** syndrome generator for reading a **codeword ...**

Disk drive with embedded finite field processor for **error correction**

US Pat. 5812564 - Filed May 8, 1995 - Western Digital Corporation

During a disk read operation, the complete **codeword** is software **error correction**
code syndromes when the detected 25 created by the channel controller 128 **...**

Shift correcting **code** for channel encoded data

US Pat. 5220568 - Filed Nov 9, 1989 - Eastman Kodak Company

The shift **correction** system of claim 17 wherein each shift **error** in a given **...**
an **ECC codeword** having N symbols; and an **error correction code** (**ECC**) decoder **...**

Disk drive with pipelined embedded ECC/EDC controller which provides ...

US Pat. 5689727 - Filed May 8, 1995 - Western Digital Corporation

... through the **ECC** ware **error correction code** syndromes and hardware **error** check

... the complete **codeword** is software **error correction code** syndromes when **...**

Error correction and detection system for mass storage controller

US Pat. 6003151 - Filed Mar 24, 1997 - Mediatek Inc.

Data **correction** is accomplished in the transfer of data 5 from a CD-ROM storage

disk by the **error correction code** (**ECC**), which is preferably a Reed-Solomon **...**

Verifying write operations in a magnetic disk drive

US Pat. 5909334 - Filed May 10, 1996 - Western Digital Corporation

When the disk reads the **codeword, error** detection **code** logic produces a set **...**

for an interleaving of the **error correction code** generation such that three **...**

Concurrent generation of ECC error syndromes and CRC validation syndromes in ...

US Pat. 5991911 - Filed Nov 14, 1997 - Cirrus Logic, Inc.

The more redundancy symbols employed in an **error correction code**, the larger the

buffer around the **codeword** and the more noise that can be tolerated before **...**
